Physical
Assessment in
the Employee
Health Setting

The Northern California Chapter of the Association of Occupational Health Professionals in Healthcare (NCal-AOHP) is offering a two day program **November 10th & 11th, 2016 in Mountain View, CA.**

Thursday, November 10th offering is the flagship educational program:

GETTING STARTED IN EMPLOYEE/OCCUPATIONAL HEALTH

This comprehensive, informative presentation is designed for the occupational health professional new to the field. The eight-hour didactic course was developed from the *Getting Started* manual, which is updated every two years by the AOHP organization.

Course content includes valuable resources, encourages interactive discussion and is presented by a team of knowledgeable experts. All participants will receive the newly revised 2016 edition of the *Getting Started* resource manual in CD format.

Objectives:

1. Describe how the occupational health professional interacts in the healthcare facility's organizational structure.
2. Discuss areas of medical/legal confidentiality in occupational health.
3. Identify federal, state and local regulatory requirements as related to job placement, physical hazards, and biological and chemical exposures.
4. Review current infection prevention and control practices related to infectious diseases.
5. Formulate strategies to utilize health teaching in infection prevention and control, and safety.
6. Assess the effectiveness of case management in loss control.
7. Explain how to communicate the value of the occupational health professional's service and continuous performance improvement.

The Friday, November 11th offering:

Physical Assessment in the Employee Health Setting

Course content includes hands on physical assessment.

Documentation templates and recommendations.
